

Creekside Professional Medical Office Building
6095 Professional Parkway
Douglasville, Georgia

Architect: Alexander & Associates
Delivery Method: Developer and Design-Builder
Size: 53,000 Square Feet
Site: Acres
Planned Use: Medical Office
Construction: Brick exterior with pre-cast concrete accents

Description: The facility is located on the campus of WellStar Douglas Hospital and is near the Douglas County Administrative Complex. This building was the first of several facilities constructed in Creekside Professional Park, a 26-acre mixed-use development. The park includes general office space, additional medical office space, and a day care center. The amenities include walking trails along the creek and convenient access to both the hospital and the courthouse.
