

**First Presbyterian Church of Peachtree City  
Peachtree City, Georgia  
Architect: Foley Design Associates**

Group VI completed the addition to Peachtree City's "First Church" in March of 1998. The addition features an addition to the adult education wing, a 1,000 seat sanctuary, and a choir room. The floor in the sanctuary is sloped for better visibility. Group VI constructed the 43,000 square foot facility using a combination of laminated wood beams and conventional steel.
